Compliance Certification
California Proposition 65

Golden Eagle Products, Inc.
134-136 Rock Industrial Park Drive
Bridgeton, Mo 63044

Contact: Tim Belleville
goldeneagleproduct@sbcglobal.net

Phone: 1-800-633-3872

Golden Eagle Products hereby certifies that all Vinyl materials listed on our Prop 65 conversion list (dated 05/01/18), are produced in accordance to California Proposition 65 regulations regarding Phthalates, Cadmium, Lead and other chemicals used in the formulation of Flexible Vinyl Film. All complaint films are independently tested using a certified Laboratory to confirm either the non-existence or contain levels that fall well below the threshold of the "safe harbor limits" for any chemical on the Prop 65 list of restricted substances.

We are currently in the last phase of converting our stock line, and will be done as we sell out our current no-compliant inventory which is why we publish our Prop 65 conversion list. Any item with the **P65** designation is an item that has been converted and is being sold as a compliant material. All others will be converted as current inventory is depleted and replaced with compliant materials.

Golden Eagle Products, Inc.

A handwritten signature in black ink, appearing to read "Tim Belleville", written over a horizontal line.

Tim Belleville
President/CEO
